

RADIO CALLING FOREST ROAD PROCEDURE #2

(May 1, 2009 - Prince George Forest Road Management Group)

<http://www.for.gov.bc.ca/dpg>

These procedures apply to all forest roads in the Prince George Forest District.

Remember, roads are radio assisted not radio controlled drive accordingly.

DRIVE DEFENSIVELY – EXPECT THE UNEXPECTED

Known Hazards

- | | |
|---|-------------------------------|
| 1. Losing track of your location | 5. Unnecessary radio chatter |
| 2. Losing track of other vehicles location | 6. Using the wrong frequency |
| 3. Meeting oncoming vehicle without a radio | 7. "Walking over" other calls |
| 4. Not following calling procedures | 8. Being distracted |

1. "Empty" is defined as increasing numbers; "Loaded" is defined as decreasing numbers.
2. Logging Trucks call "Empty" or "Loaded" followed by the kilometer position (i.e. "Loaded 241").
3. All vehicles other than logging trucks must identify themselves; pick-up, low-bed, fuel truck, grader, etc, (i.e. "pick-up loaded 59", "grader empty 122"). Also, loaded logging trucks traveling in the "Empty" direction should identify themselves as such (i.e. "empty with a load 246").
4. **Dual-Call Road** calling protocol (use on un-posted roads or when in doubt);
 - Loaded vehicles call every ODD km
 - Empty vehicles call every EVEN km
5. **Single-Call Road** calling protocol (used on posted "Single-Call" roads);
 - Loaded vehicles call every ODD km
 - Empty wide loads, fuel trucks and loaded logging trucks traveling in the empty direction call every EVEN km
 - Other Empty vehicles call only "must call" signs
6. Must call situations for both empty and loaded vehicles are:
 - When entering a new road system.
 - At posted "must call" signs.
 - Whenever there is a road frequency/channel change, or when leaving a road.
 - Whenever you are stopping and parking on the road, and again when you resume.
 - Whenever you encounter a vehicle traveling without a radio.
7. Convoy calling
 - The lead vehicle is responsible for calling for all vehicles in the convoy
 - It is the responsibility of the vehicle joining or leaving the convoy to inform and to receive confirmation from the lead vehicle.
 - Convoys can be no more than 1 km long.
 - A vehicle more than 1 km behind the lead vehicle is no longer part of that convoy and must call their own position.
8. Never pass any vehicle without notifying them on the radio and receiving the "OK".
9. Avoid distractions while monitoring the road channel;
 - No unnecessary radio chatter.
 - Avoid noise distractions i.e. AM/FM radios, phones, music players, passengers
 - Stay on designated road channel at all times while traveling.
