Job Title: Resource Management Summer Student

Employer	Aleza Lake Research Forest Society, http://alrf.unbc.ca
Timeframe	3 May to 27 August 2027
Position Type	Full time – 4 month term, two positions available
Salary/Wage	\$24.00 to \$27.00/hour + 4-percent vacation pay; opportunity to bank hours to be paid out or taken as extra time off throughout the contract term
Location	Aleza Lake Research Forest (located approx. 60 km E of Prince George), other work locations, as required; office is located at University of Northern BC

Description

Resource Management Summer Student position is strongly field-oriented and will require the ability to work alone, and as a team member. The position is:

- Non-union, restricted to university or college students enrolled in natural resources management and environmental science programs; applicants must be interested in the pursuit of a career in resource management
- 40 hours per week, generally Monday to Friday, starting at 8:00 am; flexibility may be required for some alternative days and times
- Occasional work assignments could be remote, where other accommodations would be arranged

Common projects include:

- Forest inventory including strategic assessment of second growth stands
- Silvicultural surveys
- Research: installation and re-measurement of various research trials
- Education and infrastructure:
 - Design and layout for various forestry demonstration sites
 - Maintain and upgrade trail system
 - Hosting of various tours and educational events

Requirements

- Strongly team-oriented; self-motivation, enthusiasm, good communication, and attention to detail are essential
- Experience related to forest measurement, silviculture, plant identification, soils, and forest management
- Functional use and familiarity with Microsoft Office programs
- Must possess a valid Driver's License for operation of a motor vehicle in British Columbia
- Working outdoors in all weather conditions; physical fitness and ability to traverse demanding forested terrain on foot; ability to lift 50 pounds with relative ease
- Practical safety and field skills (eg. GPS, mapping, and compassing)
- Preference goes to individuals pursuing a forest management undergraduate degree, as a minimum

How to Apply

Submit resume with cover letter to aleza@unbc.ca and reference the job title in the subject line.

Deadline to apply: Friday 23 October 2026 at 4:00 pm
